## NATIONAL SERVICE SCHEME

The NSS of Sri Ramachandra Institute of Higher Education & Research in association with Iyarkai Charitable trust organized a Pond restoration Programme on 4.9.21 as a Swachhta Pakhwada Activity at Kolapakkam. 99 NSS volunteers from Units I & IV participated and transferred the materials required to strengthen the banking of the pond. They planted Vetiver saplings on the bank to purify the water and also to hold the soil of the bank firmly. Vetiver stabilizes the bank and prevents sediment from bank erosion into the pond. They also removed the weeds on the banks that lead to bank erosion.
